- Report of the President**

It is now about 17 years ago when the Shikankai gathered for the first time under the leadership of Sensei Kase.

Since 2004 this group have been leading the technical structure of the Academy by way of instruction and examinations.

Since then some members have left the KSKA Shihankai for personal reasons and interest with new instructors coming in. This then forms part of our natural evolution.

In the last 2 years we have adapted the revised examination syllabus and now everybody seems to be prepared to present their gradings according with the new system.

Evolution and progress are important, but also is tradition and stability that offer great value. Especially the Gasshukus that are significant for this matter.

In every country the “Shidoinkai” (group of 5th Dans and above) provides a body of experience with their advice and in doing so they are supporting the senior group by offering technical guidance of the KSKA.

Many good suggestions are coming from the active groups across the Academy. However, some never reaching the structure of our organisation.

That is why this group should be more actively promoted and given the opportunity to express their opinions and ideas especially at the Gasshukus also to the Secretary.

In this spirit we shall continue our advancement, not being led by one individual but acting as a ship with a fully engaged crew working and sailing our course together in the journey of karate-do.

All the best

Dirk Heene, President of KSKA and member of the Shihankai
