2. Officers reports

- **Having arrived a little late to the meeting due to IT technical issues, Shihan Dirk Heene gave the Presidents welcome address then continued with the report of the President**

Over the weekend of 15th to 17th October 2021 the KSKA presented the first Gasshuku to be held within the dojo since the onset of the Coronavirus pandemic and even though the assembly was governed to observe stringent Covid guidelines the event was deemed a great success and enjoyed by the 40 participants who were able to attend.

Thank you to the course organisers whose efforts are very much appreciated in support of the KSKA and who were also celebrating 50-years since the establishment of the club.

With the Gasshuku having been staged in Ham and with the majority of the course participants stemming from the country, this provided a good opportunity to evaluate the current situation with the Belgium Academy and assess the technical level of karate.

A prime example of the positive situation was the high technical level and overall standard that was presented by Tom De Gersem during his 5th Dan grading. Congratulations to Tom.

Zoom training has proven to be a useful tool during the height of the pandemic, but it is subject to limitations resulting in a partial disconnect with the membership and especially with the technical aspects of our Kase-Ha karate.

It is imperative the KSKA stay connected as a group and to continue with the dojo based Gasshuku with these being a key component to the harmony of the Academy.

The two course instructors then coordinated the technical presentation whilst incorporating the kata's Jitte and Ji'in and highlighting the connections between the two kata.

To further enhance the learning experience, it is intended to present the kata Ji Oyo during the Fuji Keiko that is to be staged in Mullheim over the first weekend in November and where there are no current restrictions in place relative to travel or active training in the dojo.

The dates, venue and local arrangement are in place for the Natsu Gasshuku that is also to be held in Mullheim, Germany over the second weekend in May 2022 also the Aki Gasshuku that is to be held in Espinho, Portugal over the second weekend in October 2022.

Pascal Petrella advised of the intention to host the next KSKA Kangeiko in February 2022 with the arrangements being in place whilst the invitations are to be dispatched shortly.

In addition, local KSKA courses continue to be held in countries including Portugal, Finland, Germany, Israel, Belgium, Scotland and England to name but a few, whilst most are now able to return to the dojo for training and as such maintain the motivation and the spirit.

Although as we head towards the winter period and with the number of reported Coronavirus cases beginning to rise within some countries, we are to monitor the situation and keep you informed just as soon as we are able.

I wish you all the best and a strong spirit in these times.

LC advised that Tom van Achte has recorded demonstrational footage taken during the Aki Gasshuku in Ham and where the KSKA Executive and Shihankai have agreed to provide free copy to the membership that will be available for collection during future courses.

Should one individual representing a country or region wish to coordinate the distribution of the DVD to local members then please inform LC to arrange for multiple copies to be posted.

Please note the logistics and cost of sending out individual copies would be prohibitive.

Armando Reis asked if it would be possible for non-members to purchase copy of the DVD also wishing to know the price?
